COMPANY PROFILE

ABOUT US

Discover **Nusantara I/C/T**, the company believe that bringing together people, technology, and business is the way forward. Every day we power sustainable progress for our clients and partners, the wider community and ourselves. It is our unique approach as business technologists that make this possible.

Nusantara I/C/T is a privately owned IT Services & Support business formed in 2015. The general purpose of **Nusantara I/C/T** is to develop and promote advanced information technologies for multi-user operation. We provide consulting & systems integration services, managed IT services, cloud services, network installation, IT hardware, digital advertising, custom web and mobile application, as well as IT security services.

With its deep technology expertise and industry knowledge, **Nusantara I/C/T** works with clients across different business sectors: Financial Services, Health, Manufacturing, Media, Utilities, Public Sector, Retail, Telecommunications, and Transportation.

Nusantara I/C/T remains focused on its prime objective—to deliver high quality solutions to its clients at optimal costs by adopting the most relevant and advanced technologies through empowering professionals and building trust-based relationships with its clients. Through state-of-the-art infrastructure, strong resource pipeline, financial transparency and good corporate governance practices, Nusantara's clients gain the benefits of a unique, client-focused culture and management commitment focused on long-term relationships.

*When value is a concern, **Nusantara I/C/T** is your best investment.*

OUR VISION & MISSION

We're more than just techies, or consultants who aren't truly accountable for delivery. We're dedicated professionals as passionate about business as we are about technology. We love challenges. There will always be another problem to solve, another innovation to implement, but we're not about giving up.

We're about progress. We're about bringing together people, business and technology in order to power progress.

We can't always do it alone, which is why we have a network of partners in place so that progress is always possible.

Progress has no use-by date, so neither does our commitment to do whatever it takes to help you build the firm of the future.

Our ambition is to become a #1 company & the preferred ICT brand. This ambition is directly supported by our brand strategy. We define our own category & positioning within IT to differentiate us from our competitors: your business technologists.

OUR VISION for the future is to accelerate progress by uniting people, business and technology

OUR MISSION at Nusantara I/C/T is to empower our clients on their digital journey by applying our in-depth market knowledge and portfolio of IT services.

OUR SERVICE

1 MANAGED IT SERVICE fixing issues before they happen

Imagine several months passing without having to worry about an IT-related issue. No hassles over software updates or integration, no frustration around downtime and no lost sleep over a security breach. You're away from the office, feeling confident that your company's complete IT infrastructure is being fully taken care of.

The long and short of it: Our Managed IT services give you the best value for the money. It proactively provides seamless technology integration, updated systems and expert technical support at all times—not just when something breaks. It meets all of your IT needs, plus increases your team's efficiency and productivity.

2 IT CONSULTANCY SERVICE IT consultancy services tailored to you.

Due to the fast-paced nature of the technology world, it's always beneficial to have a second opinion before you start making major changes.

or an IT manager with an in-house team, looking for further expertise and resource or guidance at a tactical level, we can help.

We'll work with you to understand your business goals and aspirations, so we can deliver a roadmap detailing exactly how you can get there. We'll tailor the amount and level of consultancy to your needs. So, whether you're an SME looking for initial consultation and project delivery,

From ad-hoc, helpful advice to a fully managed design and implementation, we're happy to provide as much or as little help as you need, with our tailored IT consulting services. Speak to one of our highly experienced consultants today, who have a wealth of both business and technical expertise.

3 CUSTOM SOFTWARE DEVELOPMENT

Companies looking for software to solve problems and power growth face a challenging dilemma: do they invest in a fully custom software solution or go with an off-the-shelf product? At **Nusantara I/C/T**, we have experience helping businesses achieve their goals through custom software solutions based on a deep understanding of their unique processes, challenges and needs.

No matter what type of your work you do, Our customized software development will fulfil your needs.

4 CLOUD COMPUTING CONSULTING SERVICES

Nusantara I/C/T helps organizations transform their IT environment with best-in-class Cloud Computing Services. Our team of experts delivers highly-effective and reliable cloud computing services that provide organizations with a competitive edge.

Our cloud solutions enable organizations to reduce IT resource requirements and improve productivity, in addition to lowering costs and reducing the time-to-market.

We assist customers with our on-demand delivery of computing services, tools and applications such as servers, storage, databases, networking, software, apps, among others.

By enabling organizations for cloud adoption, we help them become more agile and responsive to the changing market landscape, thus supporting them in the right decision-making and maximizing their Return on Investment (ROI).

5 IT HARDWARE Because your business works when your hardware works.

Your staff relies on servers, notebooks, and workstations to perform their duties, and when your equipment goes down, you lose productivity.

Nusantara I/C/T provides IT hardware supplies including but not limited to Intel server, workstation, and networking components that allows us to help you build, replace and upgrade hard drives, processors and most other business critical parts quickly. We also have the flexibility of providing hardware solutions from the most popular manufacturers.

We can also provide the software and licensing to add to your hardware solutions, including Windows 2008R2, Exchange 2010, SQL 2008 Server and SharePoint, to name a few. No matter if it's a server operating system, desktop operating system or additional productivity software, our skilled staff will make sure it is installed and configured properly. And if "off the shelf" software does not fit your specific needs, our software development team can help.

6 IT SUPPORT

Nusantara I/C/T, is an end to end technology solutions provider, a reliable outsourced IT company that combines expertise, creativity and versatility for your success. Our solutions help businesses migrate to the cloud, improve operations on-premise through managed IT services and nationwide 24/7 onsite IT support. Here is what you should expect:

- ✓ Full IT support for small and medium businesses – We deliver both remote and on-site support all across Indonesia.
- ✓ Proactive IT support services – Our staff has the necessary experience and knowledge to eliminate IT related threats before they become problems.
- ✓ Dedicated IT solutions – We analyse your needs and provide you with a customized solution: fast and reliable.

7 WEB & MOBILE APP DEVELOPMENT

We are a web & app development company that turns your ideas into a new driving force of your business. We are supported by brilliant web and mobile app developers to deliver projects on time and maintain the top-notch code standards.

Our expertise in e-commerce, adtech/martech, and people-to-people fields as well as other business areas helps us develop web and mobile solutions tailored with care for our clients. You can come to us at any stage of your project - from just an idea to architecture, from development to quality assurance and support.

Our team is determined to provide result-oriented and comprehensive mobile application development services. We are committed to offer complete web solutions, web application as well as portal development services at the best prices.

We follow highly advanced service delivery models and progressive techniques to accomplish your project in the best possible manner and in a minimum amount of time. We have highly experienced, target oriented and motivated technical staff. We never stop learning the emerging programming platforms to improve our services. Our development methodologies and technical knowledge simplify the desired outcome.

We listen to you. We believe in focusing on keeping the routes of communication open and flowing so that we can understand your basic requirements and establish a strong relationship. As a leading Web Design and Development Company, we utilize the best platform and the most effective approach to develop creative and innovative solutions that will maximize your profitability.

8 NETWORK INSTALLATION

Nusantara I/C/T provides network installation services and proving to be a leader amongst local computer network companies servicing nationwide of Indonesia. Our network engineers can design & install your company's computer network, that's custom constructed and purely built to fit your business IT and security requirements.

Our engineers & network installers will liaise with your company's IT team to ensure you are kept informed throughout the entire network planning, design and installation process. We can even provide network maintenance services on a regular schedule post installation.

Every business has different requirements in relation to their network and the way they handle their voice, data & internet solutions. We are expert network advisors who can assist you with a custom network installation cost and quote. Whether your company require a brand new network install or expanding your current network we are here to give you a free no cost or obligation quote.

Whether your business being public, private or educational you can depend on **Nusantara I/C/T** to deliver a complete professional package, including installation, testing, certification and ongoing maintenance.

9 DIGITAL ADVERTISING

As a digital ad agency, it's essential to keep the end goal of your campaign in mind. When you work with Nusantara I/C/T, your goals are prioritized and are at the forefront of every campaign. Always pressing toward the end goal is what allows us to drive astronomical results for our clients — and you could be next.

We make digital advertising work for you, by focusing on key impact areas to deliver positive results for your brand, to help you amplify brand reach, engage your audience, win new customers, and measure advertising impact.

**FUTURE
START**

**Develop effective ideas,
develop the future with us.**

OUR CORE VALUES

While everyone in the business world today understands the importance of getting value, improving value, challenging value, at Nusantara I/C/T we also talk about values – and how we live by them.

These aren't just words of an acronym to be remembered – we believe they are critical to doing business well. If we all live by these values, we act as one Atos to our clients, customers, colleagues, and shareholders. So take a moment to think about how you can apply these values in your daily work, every day.

ACCOUNTABILITY

We believe in accountability. Our customers ask us questions and we answer them – full stop. We take ownership from A to Z. We deliver what we say we will, not passing responsibility onto others. We hold ourselves accountable to our clients and our colleagues for the outcome.

OPERATIONAL COMPETITIVENESS

We wholeheartedly believe in operational competitiveness. We strive daily to add value and achieve excellence. We do so by being agile, #exible and pro-active, continuously looking for ways to do things better, faster, cheaper and stronger.

INNOVATION

We believe in innovation. It keeps us sharp. Positive. Creative. Enthusiastic. A cut above the rest. We welcome fresh ideas and inventive solutions. It keeps us evolving, seeking to improve and meet new challenges.

TRUST

We believe in trust. It is a precious commodity in the world today and we value it highly. This means we always act with transparency and integrity, demonstrating mutual respect in all relationships. We encourage open and honest feedback. And we expect it in return from our colleagues and our clients.

SERVICE

We believe in being of service to clients. Together, we work to understand their businesses. We anticipate their needs and expectations in order to develop a mutual, long-term partnership. Pro-active, we respond quickly, provide solutions and seek feedback. We foster a can-do attitude and a healthy team spirit.

EXCELLENCE

Bottom line, we believe in excellence. We maintain the highest standards in everything we do, focus on results, act with ambition. It attracts the best people to us. That, in turn, attracts the best clients. Being the best gives us the competitive edge both for ourselves as individuals and as a company.

WHY CHOOSE US

There are many reasons to collaborate with us, here are 6 of the many reasons why you should choose us to build your infrastructure, support your people and systems, as well as advise you on projects to achieve your goals successfully.

QUICK RESPONSE

We do realize that time is a high-value asset for your business, and we will support you to minimize the IT service disruption risks timely

NO GEEK SPEAK

You deserve to have your questions answered clearly in the designated language. Our support team will clearly explain what is happening so you understand.

ONE-STOP SHOP

We handle all aspects of your IT infrastructure requirements including hardware, software management, and any other related technology needs.

EXPERIENCED

We are supported by experienced team members in a wide spectrum of technologies, industries, and application types.

BUSINESS SAVVY

We design, evaluate, and justify technology solutions from a thorough understanding of the business benefit for your company.

100% SATISFACTION GUARANTEE

We design, evaluate, and justify technology solutions from a thorough understanding of the business benefit for your company.
